#integritasza-conference 30 November – 2 December 2022

The theme of the #integritasza-conference was co-created Community-based Partnership Local Governance and Service Delivery in South Africa: Analysis, Action, and Activism.

What happened at the #integritasza-conference?

- People showed what they do to make South Africa a better place to live, love, learn and leave a legacy. Keynote speakers addressed the problems in South Africa with suggestions of how to solve these problems.
- Attendees at the conference identified in groups the challenges of South Africa and what the solutions of these problems may be.
- A sense of compassion and commitment based on hope and optimism even when there are challenging conditions were co-created.

Why did this happen at the #integritasza-conference?

- Commendable inspiring ideas were combined with inclusive organisations and impactful implementation to design and deliver the event as well as an improved future for our beloved country.
- The input of knowledgeable speakers and attendees help thinking to take place. Nancy Kline says: “Everything depends on the quality of the thinking you do first.” Quality thinking took place, new insights and networks were created.

What can we learn from what happened at the #integritasza-conference?

- We can make South Africa a better place. Max Roser, the founder of Our World Data, gave three steps we need to take to make the world a better place, and these three steps resonate with what we learnt at the #integritasza-conference.
 1. We believe that South African can be made better.
 2. We need to know what our biggest problems are.
 3. We need to know how to tackle these problems.

How can we apply the learning that took place at the #integritasza-conference?

- We should change our narrative, move away from blaming and shaming.
- We must turn me into we.
- Focus on what works
- The elephant in the room is politics. We must make politics work for us and not against us.
- The lack of integrity is the feeding ground of corruption. Integrity creates wholeness and corruption destroys.
- The current picture of South Africa needs to change, and we can do this by continuing taking steps in the right direction.

Integrity, the quality of being honest and having strong moral principles. The state of being whole and undivided.

Integriteit is die kwaliteit om eerlik te wees en sterk morele beginsels te hê. Die toestand om heel en onverdeeld te wees.

Humility is the absence of pride and the ability to be down-to-earth and modest under all circumstances. Humility is the solid foundation of all virtues.

Nederigheid is die afwesigheid van trots en die vermoë om plat op die aarde en beskeie onder alle omstandighede te wees. Nederigheid is die vaste fondament vir alle deugde.

Courage is the quality of being ready and willing to face challenging situations without compromising values and beliefs.

Moed is die kwaliteit om gereed en gewillig te wees te midde van uitdagende situasies sonder om kompromieë ten opsigte van waardes en oortuigings te tref.

“If you know the why, you can live any how.” — Friedrich Nietzsche
